PRODOCK LP
LP-TO-iPod CONVERSION SYSTEM

Transfer your music to your iPod in style.

PRODOCK LP is the quickest way to get music from record to iPod. Just dock your iPod on PRODOCK LP and record your vinyl right into your iPod. It's simple. It's easy. You don't even need a computer to make it happen! You can also connect and convert other music sources, such as a tape deck, onto your iPod using PRODOCK LP's 1/8" stereo input. The PROFILE series of LP-conversion systems is designed with contemporary, low-profile looks and is finished in sleek, piano black. Each model is designed to capture the music from your vinyl records and turn it into portable, flexible, digital MP3s that you can enjoy at home and on the go.

Take your classic music anywhere you go.
